

SECTIONAL OVERHEAD DOOR

Lenworth Sectional Overhead Doors are a line of Sectional Overhead Doors specifically designed for commercial and industrial applications. They're built to last and their superior quality provides high-levels of thermal efficiency making them the ideal choice for any sectional overhead door application. A sectional Overhead Door is the cornerstone of most industrial facilities, and the Lenworth line of overhead door includes high-quality features like the use of environmentally friendly CFC/HCFC free insulation, hinge reinforcements, and thermal breaks that are chemically sealed and bonded. With many models, options, and features to choose from, Lenworth carries a Sectional Overhead Door that can fit the needs of your facility.
